

Bollington Harriers Committee Meeting 13/11/2018

Present: Gogs, Caroline, Rebecca, Jo, Tris, Tom G, Cheryl

Apologies: Andy Langdon, Andrew Vincent, Helen Clark

C25K:

- The committee recognised how well this c25k course went and thanks Andy Langdon and Corinne Grimes, who organised and ran the course.
- Andy Langdon would like to thank everyone who helped out during the course.

Courses

- The committee discussed future run leader courses and decided that it would be prudent to try and define how many run leaders are required. It was recognised that several Harriers are keen to participate.
- Guide running courses. So far it seems that there is little interest from Macclesfield Eye Society on guide running.
- Andy Langdon may be able to provide first aid courses for the Harriers, if there is enough interest. Perhaps we could join forces with other groups if more people are required to make the course viable.

Ambassador / President role

The committee feel that this role is not currently required as the club is still too small, the role is not clearly defined and that all committee members can be considered ambassadors for the club.

Bollington 10K

Tom Horsfield would like the Harriers to be more involved in the organisation of the Bollington 10K. The committee agreed to set up a sub-committee to organise this with Tom H.
